

Daybreak Super

38 x 13 2 BEDROOM

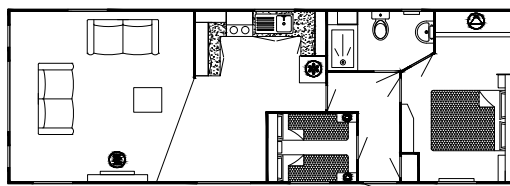

Until the launch of the Sunrise, the Daybreak had been the company's best selling mobile home, which is not surprising given the quality finish and affordability. This must make it one of the most appealing homes available.

This model boasts a lounge of almost 13' square with loose furniture and large french doors leading through into the well equipped kitchen complete with an integrated three quarter size fridge freezer and built in stainless steel microwave.

The master bedroom has two double wardrobes and an en-suite shower room, which could be adapted to take a bath if required. The vanity sink unit and shelving in this room are little added extra that go a long way.
